

## Denise's Goals

- **“You Got a Vote in Me” Campaign** by promoting the Associated Students Elections and having higher voter turnout at San Diego State
- The **“I AM” Campaign**, which will be an initiative to raise the diversity and knowledge of different students on campus by creating shared stories on the Associated Students website about student's experiences on campus
- Creating an **officer transition retreat**, where former Associated Students and Student Organization officers, as well as newly elected officers come together and talk about past and future experiences
